MEET ONE OF THE TEAM

PAULINE

Our pattern and yarn addict and believe us that's true!

Pauline has been part of the team since 2013... and is staying until she retires. Often found lurking in the shop creating ways to accommodate more & more yarn... and anything knitting.

Chief question solver to help with those difficult questionsmay be found scouring the online sources as well. She has developed new skills while she has been here, so she can help with most questions including weaving, felting and dyeing.

Manages the shop when Nicola is AWOL.
